RESPONSE TO FINAL REJECTION

Dear Sir:

This is in response to the Office Action dated November 7, 2005.

In the November 7, 2005 Office Action, the Examiner pointed out that the 37 C.F.R. §1.131 Affidavit to antedate the primary reference to Bradford et al. "is faulty because of the lack of diligence." The Examiner indicated that there is no showing of any diligence until the filing of the application January 7, 2002. To remedy this deficiency, an additional Declaration is submitted herewith, by Garrettson Ellis, the attorney who prosecuted the instant patent application. Mr. Ellis' Declaration, combined with the previously filed Declaration of the inventor, demonstrates that the invention was conceived prior to Bradford et al.'s July 17, 2001 filing date, and that there was reasonable diligence from prior to the July 17, 2001 filing date until applicant's invention was constructively reduced to practice on January 7, 2002.

Applicant requests that the Declaration be admitted pursuant to 37 C.F.R. §1.116(e). The Declaration is necessary to show applicant's conception prior to the filing date of the primary reference and diligence in constructively reducing the invention to practice. The Declaration of Mr. Ellis was not presented earlier because counsel for applicant did not realize that it was necessary until receiving the November 7, 2005 Office Action.

In view of the foregoing, the Examiner is requested to enter this response and the attached Declaration of Mr. Ellis, to withdraw Bradford et al. as a reference, and to pass the application to issue at an early date.

Respectfully submitted,
